Spring Training March 11

Emil Becker, Education Chair

In early March the temperatures might still be low and more than a bit of snow might still be lingering, but the sun is staying around in the late afternoon. The body clock screams, "sailing time, sailing time!"

It has been a long winter of buying stuff, fireside chats, seminars, and dreams of summers past and future! The time is near to venture forth. Pull the cover off the boat, paint, wax and clean it and schedule a launch date! For crew it is time to re-re-view those knots and improve fluency with sailing terminology, the unique language used on sailboats.

There is one last day to acquire and refine sailing knowledge! One day to become more comfortable with the skills and knowledge that will be required in the coming this season on the Bay! One last chance to learn about something new and different and maybe make a purchase or install something that will make a difference on the boat.

SOS has the perfect venue for that! It is SOS Spring Training. For those few not familiar - this is an all day event which SOS holds each year. The Club brings together the best and most knowledgeable vendors and sailors in the area and beyond to present on all things sailing.

A chance not to be missed by anyone in SOS!

This year's Spring Training will be at Anne Arundel Community College in Arnold, Maryland. There will be seminars and workshops for sailors of all levels from the novice to the most experienced. What is unique about Spring Training is that you get to design your program to meet your own needs. You can have it "your way!"

And this year there is much new and different in the SOS Spring Training. For everyone!!!

One experienced sailor in SOS told me that he hasn't attended one Spring Training where he hasn't learned a new thing or two. (So who says old sea dogs can't learn new tricks!) So if you thought you knew everything, there is still a chance to learn even more!

The cost of Spring Training for SOS members is \$55 until February 15th and then \$60 until the deadline. Non-members and on-site registrants are charged \$75.

One word of advice – sign up early because the seating is limited in many of the seminars and workshops and the most popular ones fill up early. The price includes a continental breakfast and full lunch, and all classroom materials.

Tell your friends and neighbors (**house** neighbors and boat neighbors) about SOS Spring Training and let them know you want to see them there!

VIEW FROM THE BRIDGE

February:
The month
of hearts
and hearths.
As some of
our winter
sailors take off for

a week or two of sailing in the Leeward Islands, your SOS club keeps the rest of us warm with more fireside chats at area homes as well as regional brunches in mid-February to gather together, break bread, and probably tell some sea stories.

The 2017 Member Renewal closed January 31 and some questions about membership, privilege, and budget have arisen. In the last few years we have noted a lessening of numbers participating in SOS events. This causes a ripple effect as each event works with a budget based upon numbers of participants from previous years.

The Board has considered how to re-imagine some events, yet we are often greeted with, "But I like..." and "We were looking forward to..." There are also many comments, "I meant to sign up..." And so this year we decided to explore if there might be an increase in participation if the hard copy of the Whisker Pole was reinstated in conjunction with regular or associate membership. (You can still opt to receive only the electronic version within your profile preferences on the SOS website.)

The downside of this decision is the apparent impact on Life Members who pay \$20 to receive a printed copy. Currently SOS has 160 Life Members, who receive free membership. That number will continue to increase for at least the next two years. (Free Life

Membership is not an option for anyone who joined the club after March 31, 2009. (Article IV:1:C)

Another factor we considered is that many Life Members are no longer active in the club; however they enjoy reading the doings thereof. So, for the few Life Members who pay for the Whisker Pole and are active, we thank you and acknowledge that your privilege of free membership will always be in place for you. The Whisker Pole will remain available on-line for those who choose not to pay for a printed copy.

And for the impact on the budget that taking the 'hit' that paying for the Whisker Pole to be printed and mailed, our hope is that the possible increase in participation will, in the long run, reduce that deficit. We also acknowledge that with the SOS savings account we can, for one year, explore this method of increasing participation.

So, read your Whisker Pole, check out Fleet Exercises, come enjoy the people and events that you joined our club for. And, remember, Spring Training is March 11 – meaning the sailing season is right around the buoy.

Please send us your comments about this newsletter and suggestions how we might improve the way information is presented.

NO Unofficial Board notes from January 5, 2017 Board Meeting Cancelled due to weather

NEXT SOS BOARD OF DIRECTORS MEETING - February 2, 7:00 pm
Common Room, Greenbriar Community Bldg, Greenbelt, MD
Meeting is open to all members

Cruising Corner

Carole Jordan, Meeps Yox,
Cruising Co-Chairs

New year, some new ideas!! We are excited to introduce to you the 2017 Cruising Schedule. With the input of a group of experienced skippers, we have planned an ambitious schedule, which includes some favorite anchorages, as well as some we haven't visited in a while.

What's new, you ask? (See cruising schedule on page 14.) There are three **4-day mini-extended cruises** this year! We feel that this will give us more time to sail to some farther anchorages. A marina stop will be scheduled for the second night out. Thanks for the idea, skippers!!!

Day sail participation has been low in the past few years. However, day sails are an important way for newer members to "test the waters" of cruising with SOS, as well as for all to commit a smaller amount of time. To improve the participation, we have scheduled **fewer day sails**, with the option for the skipper to switch to Sunday, if Saturday's wind/weather is unfavorable.

Mid-week sails are here to stay!! We planning to schedule the mid-week sails on either Tuesday, Wednesday, or Thursday, based on the weather. Barbara Wingrove has agreed to manage this portion of the schedule. Thank you, Barbara.

SOS will have a successful season with YOUR help! Come sail with us. Volunteer, sign up early, and come ready to have fun!

Call for Cruise Coordinators

We are looking forward to a great 2017 Cruising Season!

The coordination team is the very backbone of the cruising program and we thank all who have participated in past years. Coordinating a weekend cruise or day sail is what puts us all out on the water and it starts with YOU. If you are a seasoned coordinator, a new member who wants to see how it works, or a skipper, please join us. We will pair newer people with experienced coordinators, so no need to worry.

We are asking you to flex your organizational skills and help make this season successful. We are excited about the new schedule, which was created with the input of many of our skippers. BUT, we need YOU!! Please reply that you can help!

Flare & Fire Safety Demonstration Saturday April 8th

The Flare and Fire Safety Demonstration is still in the planning stages, but usually takes place in the morning prior to the New Member Dockside Training. **(Time, location and registration procedures to be announced.)**

Following safe use techniques demonstrated by instructors, our member participants will have the opportunity to fire aerial flares, set off hand-held flares, and extinguish a small controlled fire using a fire extinguisher. This is a rare opportunity for hands-on experience for dealing with emergencies. Members will also practice coiling and heaving lines, a skill that is used frequently during the sailing season at raft-ups. There is no charge for this event.

New Member Dockside Training Saturday April 8th

Did you recently joined SOS? Sailing skills rusty? Need a review or refresher of those essential sailing skills or the names of those what-cha-ma-call-its on the boat? SOS has a special day for you and it is a lot of fun!

Dockside Training is an all-day event held after the Flare Demo. Sign up and you will be assigned to an SOS Skipper's boat. **Come with your lunch and beverage. And bring your questions.**

This is not a sailing event, but a day spent on a docked boat where the SOS Skipper will acquaint you with the details of SOS sailing; how to sign up for an SOS cruise, what to wear and bring, the names of all that stuff on the boat and what it is used for, and the basics of sailing.

You may also learn and practice to tie a knot or two. In short, many things you need to know to participate as SOS crew on a day sail or a weekend cruise.

You will be able to complete most of the Level I and perhaps some of Level II Basic Skills during the day. The Basic Skills Program and Check Out sheets can be found on the SOS website under "Forms and Such", then "Education". (You must be logged in to view these.)

And when the sun starts setting and the air gets chilly, you will do what sailors always do; socialize at a local Annapolis watering hole where all the Dockside Training crews and skippers, along with any local members, will gather for food and libation.

The Coordinator will contact you by email or phone regarding your boat/skipper assignment. Note: there may be a limited number of boats for this popular event. Sign up early!

In Memory of SOS Members

In January we lost two long-time SOS members. Godspeed, our friends; we wish you fair winds and following seas forever more.

Drew Spaeth,

an SOS member since 1996, died January 3, 2017, from complications of chemo therapy. Drew was man of many talents and interests: pilot, police officer, avid sailor, traveler, and friend to many.

For years, SOS used his boat, *Air Transport*, as our parade of lights entry. He would then leave it lighted in his slip at the Tecumseh for a week or so later. In the last years, he traveled to Florida on his Albin 28, *Wanderer*, spending time in Punta Gorda, where he and Mary Beth have a winter home.

Virginia Greenwood,

an SOS member since 1997 died January 10, 2017 from a massive stroke. She fell down a flight of stairs at a friend's home in Pennsylvania toward the end of December, later suffered a stroke and was flown to Baltimore. She developed pneumonia and slipped into a coma several days before passing away. She was cared for by her twin sister Minnie.

Virginia enjoyed Day Sails as well as bare boat cruising with SOS. For many years she was a coordinator for Day Sails and a mentor to new coordinators.
